

03 January - 14 January, 2006

Institute of Physics, Bhubaneswar

Insitute of Physics will host IXth Workshop on High Energy Physics Phenomenology (WHEPP) during January 3 - January 14, 2006. WHEPP is an international conference with a particular emphasis on working group activities. One particular aspect of WHEPP is interaction involving the theorists and experimentalists. WHEPP covers borad range of topics in High Energy Physics Phenomenology. The activities at WHEPP would involve talks, intensive interaction and collaborative work.

There are four working groups at this WHEPP. Their coordinators would organize major activities at the WHEPP. The talks and the summaries of working groups activities would be published in the proceedings.
